Exclusion Criteria
1. Exclude duplicates
2. Excluded personal shares (e.g., ads or personal photos) that were not ADHD-related.
What ADHD ACTUALLY Feels like
3. Excluded memes that mixed ADHD with other conditions (e.g., autism)
let's talk about autism + ADHD nesting. it's possibly the best thing i've ever been introduced to.
gathering all the things you could possibly need and putting it in reaching distance so you can have a few hours of no transitions. BRILLIANT.
