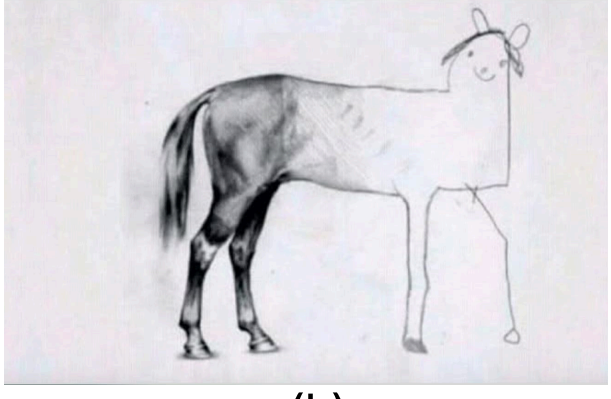
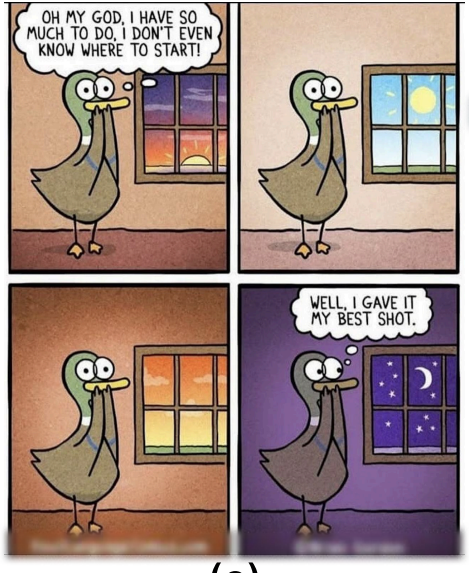
This was forwarded onto me so I'm not sure where it's from, but how good is this meme
ADHD when you are passionate about what you are doing:
ADHD when you aren't:
I have been working on this project for 10 hours straight. I have accomplished in one day what would take a normal person an entire week. Nothing can stop me, I am a FUCKING GOD!
Washing dish is very hard

(a)



When your ADHD brain runs out of dopamine halfway through the latest hyperfocus project

(b)



OH MY GOD, I HAVE SO MUCH TO DO, I DON'T EVEN KNOW WHERE TO START!
WELL, I GAVE IT MY BEST SHOT.

(c)

ADHD people giving each other advice:
There is a bump here, so please watch your step...

(d)
