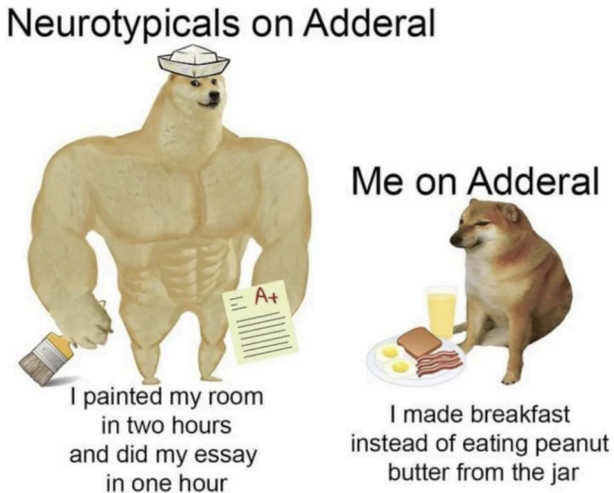
adhd brains on stimulants

(a)

When a song sparks my ADHD brain and it's all I'm interested in hearing for the next several weeks:

(b)



Neurotypicals on Adderal
A+
I painted my room in two hours and did my essay in one hour
Me on Adderal
I made breakfast instead of eating peanut butter from the jar

(c)

When you chugged an energy drink with your ADHD meds for a workout and now it's 5am and you can't fall asleep:

(d)
